

**Team Name:** Subiksha Vaidhyanathan, Kyle Cox, Emmanuel Gutierrez Rivera

**Report Number:** 14

**Reporting Week:** Apr 14 - Apr 20

**Summary of work completed in prior week:**

This is our fourteenth week working on the project. Tasks that have been accomplished are: We worked further on completing the documentation and have moved on implementing the testing plan and adding the part where we can share recipes and also a timer is added to each step that is done in the recipe.

**Summary of work planned for next week:**

We will continue work on our project website and documentation and complete our testing plan and prepare for our final demo. And also complete the timer function in the recipe page.

**Open issues and action plan to resolve them:**

There are not any open issues currently.

**Project management summary**

Team member	Tasks completed	Hours worked for week	Total hours
Kyle Cox	Worked on completing the SRS document and updated the recipe sharing part on the testing plan worksheet, group meeting, updated the Pressing "remove" on an item now closes the remove GUI automatically instead of leaving it open	3 hr 30 min	41.50
Emmanuel Rivera	Working completely on the set up of sharing recipes where they can be accepted or denied and also their UI logic and how many recipes are shared and not, group meeting, fixed bug where users were not able to add pantry item quantity if the item did not have an image, Added "friendPopUp" component where a user can clock	5 hr 10 min	51.10

	on a friends username and a popup with the friends pfp		
<b>Subiksha</b> <b>/aidhyanathan</b>	Worked more on testing in sharing recipe and the updated functions, added timer function in recipe part, group meeting	5 hr 0 min	<b>40.50</b>

### Meeting summary

For each team meeting provide the date, time, and location of the meeting. Indicate which members attended the meeting and itemized action items discussed in the meeting.

We met this week on tuesday the 15th for 45mins at the library 2nd floor and discussed the materials that needed to be completed for our final demo and realized we missed out the timer function which is now being added to the recipe page and also planned on completing the rest of the documentation and sharing recipe section in our page.
