

Team Name: Subiksha Vaidhyanathan, Kyle Cox, Emmanuel Gutierrez Rivera

Report Number: 5

Reporting Week: Feb 10 - Feb 16

Summary of work completed in prior week:

This is our fifth week working on the project. Tasks that have been accomplished are: Continuing work on our project website (adding a pantry/recipe page), and starting to integrate our website with firebase and sign-in page. We have also edited our pantry page to create new items for the inventory. Sign in and sign up logic is finished.

Summary of work planned for next week:

Continue work on our project website, finish work on Requirements and our presentation for them that must take place the upcoming week.

Open issues and action plan to resolve them:

Not a major issue but Kyle became sick recently and might not be able to make it to the presentation next week and we are hoping for his recovery.
