

**Team Name:** Subiksha Vaidhyanathan, Kyle Cox, Emmanuel Gutierrez Rivera

**Report Number:** 12

**Reporting Week:** Mar 31 - Apr 6

**Summary of work completed in prior week:**

This is our twelfth week working on the project. Tasks that have been accomplished are: Re-styled the shopping cart page, have completed working with conversion of ingredients when they are used while creating a recipe (i.e., when an ingredient is used in measurements of tsp, tbsp or cups would be converted into fl oz or oz and then their respective quantity would be deducted from pantry) and worked further on requirements section of test plan documentation. And also, reverted the changes and issues caused by merge conflicts.

**Summary of work planned for next week:**

We will continue work on our project website and documentation where we will continue to work on multi-user friendly account with adding friends and sharing recipes and complete further documentation and start our testing plan.

**Open issues and action plan to resolve them:**

There are not any open issues currently.

**Project management summary**

Team member	Tasks completed	Hours worked for week	Total hours
Kyle Cox	Worked on completing "Requirements" section of testing plan documentation	1 hr 30 min	34.50
Emmanuel Rivera		0 hr 0 min	42.60
Subiksha Vaidhyanathan	Converted back changes of double delete function and re-styled shopping cart page. Added conversion system where an ingredient is used in measurements of tsp, tbsp or cups would be converted into fl oz or oz and then their respective quantity would be deducted from pantry.	4 hr 0 min	34.50

**Meeting summary**

For each team meeting provide the date, time, and location of the meeting. Indicate which members attended the meeting and itemized action items discussed in the meeting.

We didn't meet this week. But a summary of all the tasks accomplished from starting of the semester till date has been posted and we might possibly have a team meeting in the upcoming weeks and we might discuss on how to proceed further in the project.
