

**Team Name:** Subiksha Vaidhyanathan, Kyle Cox, Emmanuel Gutierrez Rivera

**Report Number:** 7

**Reporting Week:** Feb 24 - Mar 2

**Summary of work completed in prior week:**

This is our seventh week working on the project. Tasks that have been accomplished are: Continuing work on our project website (adding functions that connect with Firebase, pantry form wrapper), as well as work associated with the Requirements presentation and other documentation for the project.

**Summary of work planned for next week:**

Continue work on our project website and documentation surrounding it.

**Open issues and action plan to resolve them:**

Kyle spent a lot of this week recovering from sickness, and now unfortunately has had to deal with a loss in his family. He hopes to get more work done next week, and especially during Spring Break.

**Project management summary**

Team member	Tasks completed	Hours worked for week	Total hours
Kyle Cox	In class discussion and post-class discussion on requirements presentation. Working on software requirements document, format changes throughout the website, added function to cart's page through firebase, research on kroger's API	3 hr 0 min	18.00
Emmanuel Rivera	Added "settings" container that the user can open on any page once logged in. This will contain the general settings "friends settings" or any other settings. It will also contain profile settings where the user can view or change their info. And a place to add/remove/look at friends. In-class and post-class discussion. adding weekly reports 4, 5, 6 to the team	3 hr 55 min	22.70

	website and added the requirements presentation. Added feature to show the users pantry items on a table that updates instantly when they add a new item.		
<b>Subiksha /aidhyanathan</b>	Added a wrapper class where the user can enter the recipe names, items and instructions and save the recipe. Added appropriate variables that links the entered text to the details of the recipe name, ingredients and their instructions. In-class and post-class discussion.	2 hr 35 min	<b>14.80</b>

### Meeting summary

For each team meeting provide the date, time, and location of the meeting. Indicate which members attended the meeting and itemized action items discussed in the meeting.

No meeting this week, but we did have an in-class meeting about our requirements presentation and had a discussion on slack post-class about the requirements presentation and how we are proceeding forward with the project and what works needs to be finished during which deadline.
