Team Name: Subiksha Vaidhyanathan, Kyle Cox, Emmanuel Gutierrez Rivera
Report Number: 9
Reporting Week: Mar 10 - Mar 16

Summary of work completed in prior week:
 This is our ninth week working on the project. Tasks that have been accomplished are: Continuing work on our project website (page restyling, image support in pantry/recipes, redirects when logged out, and so on), as well as work associated with the SRS document and other documentation which we need to turn in at the end of the semester.

Summary of work planned for next week:
 We will continue work on our project website and documentation. Additionally, we will prepare for the front-end showcase in-class this upcoming week.

Open issues and action plan to resolve them:
 We currently plan to prepare for the front-end showcase. We need to decide the best way to showcase the recipes on the front-end visually, as well (how will pictures work, etc.).
